Dear Mr. Dunn:

Re: Disposal of Foundry Wastes from
North Manchester Foundry, Inc.
North Manchester, Indiana

This letter acknowledges the request for disposal dated March 12, 1986, from North Manchester Foundry, Inc., North Manchester, Indiana.

Approval is hereby granted for disposal of 140 tons per week of foundry wastes consisting of ladle and furnace linings, core butts and core refuse, floor dirt, dust collector wastes, and slag, at the Spring Valley Landfill, OPP. No. 85-2, Wabash County. The waste is to be covered with a minimum of six (6) inches of cover soil by the end of the working day.

This approval is granted subject to the following conditions:

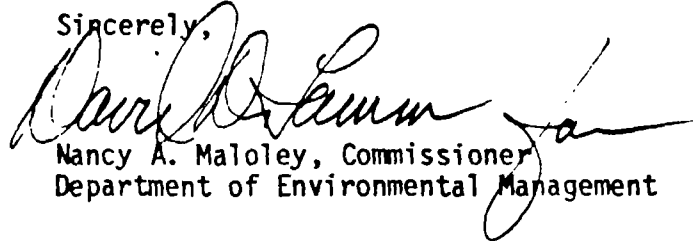

1. The generator and/or hauler must contact you to notify you of the time of disposal and conditions of shipment.
2. If nuisance or pollution conditions are created, immediate corrective action will be taken by the operator.
3. Waste material accepted under this approval shall be included on the Special Waste Monthly Report to be submitted to this office monthly.
4. This approval will expire June 30, 1987.

This approval will be revoked if the landfill fails to maintain compliance with 330 IAC 4-1, et seq. (Regulation SPC-18). Any necessary local approval must be obtained, but is not required for this approval to be valid.

MESSAGE: Dear Mr. Weiss:

We are operating on a Foundry Waste Permit which has expired.

Since the landfill involved has changed ownership a renewal is
requested under the new name. Therefore, would you please grant
this renewal to Wabash Valley Landfill Company under existing
conditions of operation.

Yours very truly,

NORTH MANCHESTER FOUNDRY, INC.
